- That The American Legion supports legislation and foreign policy that specifically targets diplomatic, economic and educational programs to promote greater and peaceful democratic reforms in Countries within the Arabian Gulf and Middle Eastern Region.
- The American Legion believes that the US Government should support African nations that clearly demonstrate open democratic reforms, human rights protection, and cooperation in the fight against international terrorism.

## **Issue: AMERICAN LEGION POW/MIA POLICY**

### Message Points:

Many Americans remain missing in action or otherwise unaccounted for from America's past foreign wars and conflicts, and reports indicate that in former enemy areas where Americans could still be alive, information has been deliberately and cruelly withheld. The families of POW/MIA suffer untold grief and uncertainty due to the lack of any accurate accounting, often in spite of the heroic efforts of US search teams.

- The American Legion urges the President and the Congress to support legislation and policies that will use all reasonable resources to achieve the fullest possible accounting of all missing American service members regardless of location or era of loss.

## **Issue: SUPPORT FOR THE U.S. DEPARTMENT OF STATE**

### Message Points:

- The American Legion is a strong supporter of the U.S. State Department and the various functions it performs for the American public overseas. The United States Department of State is the first line of defense of the nation in combating the myriad of security threats that face America from abroad. The State Department and its affiliated organizations are charged with a number of important missions; managing diplomatic coalitions with other countries and international institutions, promoting peace and stability in regions of vital interest, bringing nations together to address global challenges, creating jobs at home by opening markets abroad, and helping developing nations establish stable economic environments that provide investment and export opportunities.
- The State Department has historically been allocated just little more than 1% of the total federal budget to accomplish all of these tasks in contrast to the approximately 16% spent on defense. However, in recent years the State Department's responsibilities have expanded enormously to include combating threats from terrorism, international crime, and narcotics trafficking.
- The American Legion vigorously supports funding for the United States Department of State in order that it can maintain a credible initial deterrent to international threats to the United States and effectively promote American interests abroad.

## **Issue: Expand Foreign Service Officer Corps**

### Message Points:

- The American Legion urges the President, Congress, and the Department of State to significantly increase the number of Foreign Service Officers in its ranks.
- That The American Legion urges the President, Congress, and the Department of State to implement a veterans' preference policy with the aim of recruiting more veterans into the Foreign Officer Corps whose experience may be an essential enhancement of the nation's diplomatic mission.
