

COMMEMORATIVE FIRST EDITION

Welcome to the new  
Sons of The American Legion  
national newsletter!

Jeff Vrabel Sr., Editor

For many years, the national organization published a quarterly newsletter, called *National Update*. According to [www.archive.legion.org](http://www.archive.legion.org), the last edition of *National Update* was published during the Spring/Summer of 2018. Since then, members have asked when the printable newsletter would return, but there was not much progress, until today. This new newsletter will contain information on national commission and committee meetings.

SAL newsletters include:

*The Legion Heir* – 1938-1941

*SALutations* – 1967-1985

*National Update* – 1986-2018

*The Millennium* – 2023-present

**Why The Millennium?** When the word millennium is typed in Google, a few definitions will appear. Here's what Google says millennium means:

noun: **millennium**; plural noun: **millennia**; plural noun: **millenniums**

1. a period of a thousand years, especially when calculated from the traditional date of the birth of Christ. "silver first came into use on a substantial scale during the 3rd millennium BC"

a. **Christian Theology**

the prophesied thousand-year reign of Christ at the end of the age (Rev. 20:1-5).

noun: **the millennium**

"Archer's treatise predicted

that the millennium was close at hand"

b. a period of good government, great happiness, and prosperity.

noun: **the millennium** "the people must seize power—the millennium cannot be imposed on them from above"

2. an anniversary of a thousand years. "*the millennium of the Russian Orthodox Church*"

a. the point at which one period of a thousand years ends and another begins.

noun: **the millennium** "as we approach the millennium the only certainty is change"

I think we will all have our own idea of how the name of our newsletter relates to Sons of The American Legion, but here's my take:

Our organization is on the verge of great things. We have a renewed focus on recruiting younger members, and our national commissions and committees are laser focused on the task. As stated above, Sons of The American Legion is in a period of good leadership, great happiness in being part of the American Legion Family, and prosperity of increased membership.

There will be some that totally disagree with me, and there will be some that like the name. I think that as we move toward our centennial celebration in 2032, we will come to like the name, and our readership will increase.

If we think back to New Year's Eve 1999, many people thought the world was doomed. How would our computers react to three zeroes at the end of the date? Would things stop working? No one really knew what was in store.

But on January 1, 2000, at 12:00 a.m., we entered a new millennium, and we all had hope for a better future, a better life, and a better world. That may be the real meaning of the name of our newsletter; we all want things to be better for our veterans, our children & youth, and for our great American Legion Family.

*The Millennium* will do its best to get as much information out as possible and will rely heavily on our national commission and committee chairmen to relay information. We will also count on our national commander and national vice-commanders to help too. Finally, we are developing a pool of staff contributors who will provide content each month.

Information on how to submit content, as well as the monthly deadlines can be found on page 2. Please make sure to follow the deadlines, and they cannot be extended due to our vigorous editing, review, and distribution schedule.

For quite some time, our members have asked for the return of a national, printable, newsletter. As of today, their request has been approved, and *The Millennium* is a new Official Publication of Sons of The American Legion.

## FOLLOW US:

## National Officers, Chairmen to report on meetings, activities

Content for publications can be challenging, especially in volunteer organizations. Members want to be informed of what's going on, and the best way is to get it directly from the source of the information.

To achieve the goal of publishing pertinent content in a timely manner, our national officers and commission & committee chairmen have been asked to submit information following a set schedule.

The national commander will have the opportunity to contribute as often or infrequently as desired. The commander's schedule may dictate when reports can be made.

National vice-commanders will report as follows:

- ◆ Northeast each September and March
- ◆ Western each October and April
- ◆ Midwest each November and May
- ◆ Southeastern each December and June
- ◆ Central each January and July

Commissions and committees will make reports in opposite months throughout the administrative year, with commissions reporting in odd months, and committees in even months.

Subcommittees, ad hoc committees, and special committees will report at least two (2) times per administrative year at their convenience and as information warrants.

The national adjutant, national chaplain, national historian, national sergeant-at-arms, national parliamentarian, etc. will report at least two (2) times per administrative year at their convenience and as information warrants.

All submissions must be received by noon on the twentieth of each month.

## Millennium seeking contributors

Help is needed to make sure we have the best national publication possible. With that in mind, *The Millennium* is looking for members to become staff contributors, who will work with the editor to provide relevant content for our members.

Staff contributors do not need to be professional writers or photographers, however they must be able to gather information and organize it into an article or story that, if necessary, can be edited and must be

able to help with this publication on a regular basis.

We are also asking editors of detachment newsletters to be contributors, whether staff contributors or on an occasional basis.

If you want to help, please [email the editor](#), who will compile a list and put the staff together. Zoom meetings will be held to coordinate responsibilities, to discuss story ideas, and for general information.

## Donald L. "JR" Hall Jr. National Commander Sons of The American Legion 2023-2024

Donald Lee "JR" Hall, Jr. has been a member of the Sons of The American Legion for over 20 years before being elected national commander in 2023. He is eligible through his grandfather, Ed Hall, an Army, World War II veteran.

Hall, and his wife, Margie, have been married 38 years and together they have three children and seven grandchildren. They all enjoy spending family time together as often as they can.

Volunteering has always been a part of Hall's life. He began coaching youth sports at age 18 and did so for over 25 years. He then turned his focus to the Sons of The American Legion.

He is a member of Glen Burnie Squadron 40 in Maryland, where he has held most offices and still volunteers regularly. He worked his way through the Southern Maryland District as vice commander and commander in 2011.

On the detachment level he has served as sergeant at arms, vice commander and in 2014/15 as the detachment commander. Hall also serves on the Detachment Internal Affairs Committee and the Detachments Mentorship Committee for future leaders.

He has taught youth classes at SAL conventions and meetings for the last several years.

On the national level, Hall has served on the SAL Internal Affairs Commission and the Americanism Commission, where he was the chairman for three years. During his time as chairman the Americanism Commission and Children and Youth Committee, Hall organized the first ever youth room at a national convention in 2019.

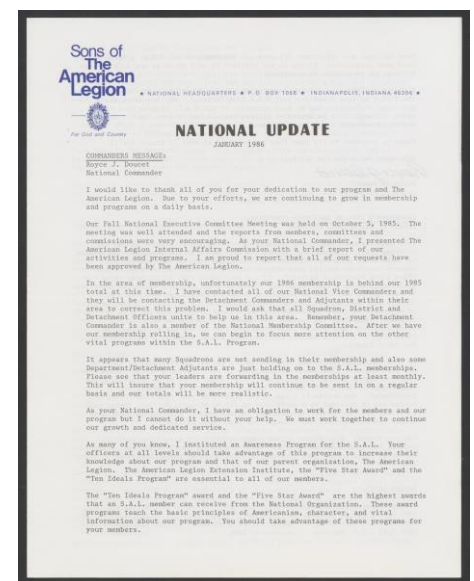

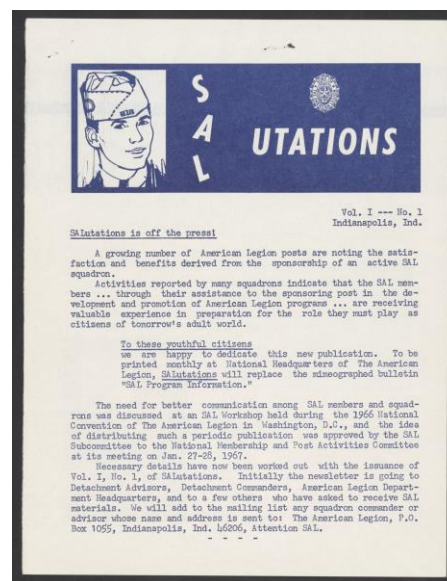

He enjoys working with others and offering ideas and planning. He believes in The Sons of The American Legion and The American Legion Family.

"We can all make things better by working together," Hall said

## A look back

Here are the covers of the first edition of the three Sons of The American Legion newsletters. All editions can be found at [www.archive.legion.org](http://www.archive.legion.org).

## AMERICANISM &amp; PATRIOTISM

**Sons honor local businesses**

Ohio Squadron 257 member Richard “Legs” Zickefoose, Beano’s Buckeye Ballroom Owner Brad Bilancini, and Ohio Past Detachment Commander Bill “Buster” Sutterlin (OHSQ257). Bilancini was presented a certificate on June 28, 2023, for flying the American flag. They presented over sixty certificates to local business owners who fly the American flag every day.

## COMMUNITY SERVICE

**Sons restore headstones**

Gene Theroux (MA)

We are trying to share knowledge, experience, and get other veterans' organizations in other communities spun-up to accomplish veteran gravestone preservation and conservation.

The team that I developed in Westfield (which comprises of veterans and members of both The American Legion and Sons of The American Legion) have worked and accomplished hundreds of repairs in the following cemeteries in Westfield, MA:

- ◆ Pine Hill Cemetery
- ◆ Middle Farms
- ◆ Old Burying Ground (AKA Mechanic Street Cemetery)
- ◆ Saint Mary’s Cemetery
- ◆ West Parish Cemetery (AKA Mundale New)

The team from Westfield has been working two events a week since mid-April. Everything they've done has been fully documented and placed in

Dropbox folders by cemetery and data. I maintain a database that is used to document work accomplished, forecast work, GPS burial coordinates are captured and updated both in the database and to the Find a Grave memorial.

Public outreach is critical and that is part of the process for placing in social media and we've had great media coverage as well.

For more information, please email [gene.theroux@verizon.net](mailto:gene.theroux@verizon.net).

# The Newshound

A special section for Young Sons of The American ages 16 and under

The National Organization has implemented a "Parent-Youth Initiative," and commissions and committees are in the process of providing information to help get more youth involvement, as well as to recruit young members. Parents and members are encouraged to let Sons of The American Legion know what interests our younger members, and what parents would like to see the organization provide.

Please send your suggestions to Sons of The American Legion by emailing Century Committee Chairman [Joe Gladden](#). Thank you for help to further the objectives of Sons of The American Legion.

## Newshounds needed

*Newshound*  
#MILLENNIUM

Do you like telling stories? Are you taking a class where you have to write? Do you have a joke or something else to say? Can you draw or take great pictures? If you do, WE WANT YOU!

The Millennium is looking for Newshounds ages 16 and under to write short stories, send pictures, and to just let us know what is going on at your Squadron. Newshounds will have their submissions published and everyone will get to know you, your squadron, and what activities your Young Sons are participating in.

The *Newshound* section will appear each month and spotlight our young Sons in action. If you want to help, please [email the Editor](#) for more information. THANKS!

## New regions begin with 2023-2024 administrative year for SAL

In October 2022, a new [National Constitution and Bylaws](#) was put in place for Sons of The American Legion. There were some changes made that would make the Sons constitutional language to be more aligned with language in The American Legion National Constitution and Bylaws.

One of the more noticeable changes was to the SAL regions. Some detachments moved to different regions, and some regions changed names.

Also, part of the change was that all delegates at the national convention will now cast a vote, with their detachment, for all five National Vice Commanders, and not regionally as in previous years.

It may feel awkward at first, as the realignment will create a different "feel" to the organization,

but there will be new friends made, new rivalries developed, and new traditions started. In the long run, the regional realignment may prove beneficial to Sons of The American Legion, and the organization could see a dramatic increase in membership as new ideas and old practices

will be shared differently. We may even find out that the new structure is just what the SAL needed to rejuvenate members, bring life into some of our programs, and produce ideas to benefit our veterans, our children & youth, and the entire American Legion Family.
