Letter of Instruction on Grassroots Engagement

Get together and have regular meetings and speeches. Take in everybody you can get, but as you go along, gather up all the shrewd wild boys about town. Let everyone play the part he can play best – some speak, some sing, and all hollow. Your meetings will be of the evenings; the older men, and the women will go to hear you; so that it will not only contribute to the election but will be an interesting pastime, and improving the intellectual faculties of all engaged. Don’t fail to do this.

- Abraham Lincoln, 1848
What does “Digital Advocacy” have to do with Membership?

• Through their membership dues, members are funding America’s most powerful veterans lobby.
• Through grassroots advocacy, regular communications and engagement opportunities can be given to new members.
• Our most powerful lobbying tool is an engaged Legionnaire - “Legislative” depends on “Membership”.

DIGITAL ADVOCACY
Since 1934, the Legion’s Washington offices have been located on K Street, three blocks from the White House. The original brownstone building was replaced by an office building dedicated on Aug. 14, 1951, by President Harry Truman.

The Washington building also has an office for the National Commander, to support his frequent visits to the halls of Congress to discuss political issues that affect veterans, servicemembers and their families.

The building also includes offices for the executive director, as well as Legislative, Veterans Affairs & Rehabilitation, Veterans Employment and Education and National Security.

Hi John in Capitol Heights, MD!

Tell your Senators to support Buddy Check Week!

Our most sacred responsibility as a nation, and as veterans is to care for our fellow men and women who have served this nation with honor. The American Legion has long had a “Buddy Check Week,” asking our Legionnaires to conduct veteran outreach as part of their daily routine. The American Legion’s “Buddy Check” program has been a great tool for membership, and we strongly support legislation that expands this program to VA.

The American Legion worked with Congress to draft a bill that would direct VA to establish a “Buddy Check Week” to provide educational opportunities, materials, and references for veterans to learn how to conduct personal wellness checks, as well as require increased resources for the Veterans Crisis Line to handle any potential increased usage during the designated week. The bill is modeled after the American Legion’s “Buddy Check National Week of Calling” to connect veterans to better ensure that they receive the care they need.

That text has now been included in the STRONG Veterans Act of 2022, landmark legislation that increases support for veterans mental health programs. The American Legion proudly supports this legislation, and asks that you contact your Senators and Representative and tell them to cosponsor and support the Buddy Check and the STRONG Veterans Act today!
