

**Training Tuesday – April 29th, 2022**  
**Membership Renewal & Retention Q & A Summary**

***Question: Where can I find information on the PACT Act?***

Answer: The Honoring Our PACT Act is a bill to provide comprehensive care for our veterans suffering from the effects of toxic exposure. Thousands of Iraq and Afghanistan veterans have been exposed to toxic chemicals from burn pits and should not wait decades to receive the care they need and rightfully deserve. You can find out more and contact your congressional representatives at: [www.legion.org/pact](http://www.legion.org/pact).

***Question: What is the “8 is enough” campaign?***

Answer: For the first time in over a decade, The American Legion is poised for membership growth instead of decline for 2022. If every post obtains an average of 8 renewals or new members for three months, we can all celebrate a year of building momentum for the future. Find out more at: [8 is enough | The American Legion](#)

***Question: Where can I find tips on retaining and renewing members?***

Answer: Members engaged in post activities are more likely to renew. You can find useful strategies to keep members active here: [Membership Retention Tips | The American Legion](#)

***Question: Why are Consolidated Post Reports (CPR) important?***

Answer: Every post has a story to tell and when we speak collectively, our strength is magnified. Our voice in congress is heard much louder when backed up with hard data of our membership involvement and volunteer hours in local communities. All posts and squadrons are encouraged to complete their CPR & CSR forms annually.

***Question: Where can I find the data from Consolidate Post Reports (CPR)?***

Answer: CPR data is used in our annual reports to congress, the annual convention report, and in our media and press releases at the national level. This data may also be used locally to promote The American Legion in your community. You can find that information here: [By The Numbers | The American Legion](#)

**Do you have a question not listed here?**
