

RECOMMENDED ACTIVITIES

Recommended activities for Detachments and Squadrons could include but not be limited to:

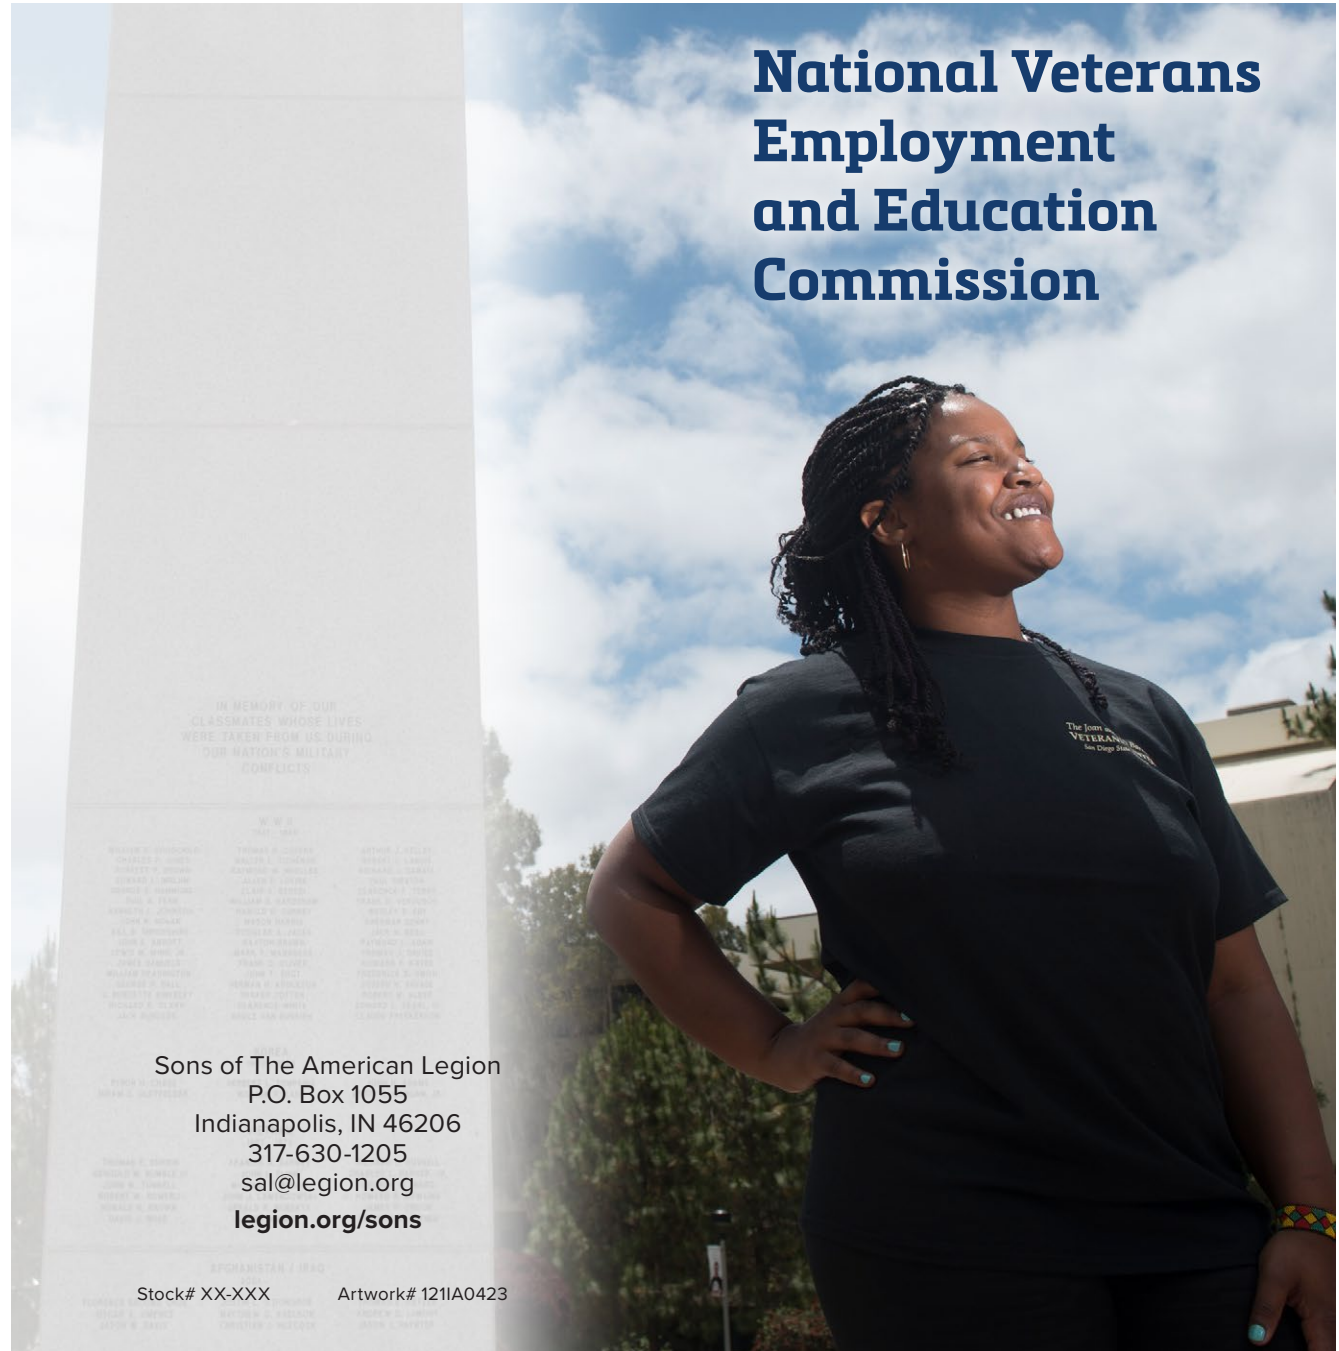

- Attend meetings and conference calls of the National VE&E Commission.
- Coordinate with your respective Department VE&E Commission to assist in job/career fairs, homeless stand-downs, or other events.
- Disseminate information provided by the VE&E Commissions on the state and national level to district, county, and squadron levels.
- Identify the active community-based veteran service providers in your areas. Understand what their needs are and try to help them meet those needs
- Educate yourselves and your members on veteran homelessness and suicide prevention so you may educate others.
- Promote local businesses who hire veterans.
- Hold a fundraiser/ donate to a veteran outreach program /VOLUNTEER.
- Contact local officials to see what is being done to end veteran homelessness and veteran suicide and become an advocate. Promote “BE The ONE”.
- Promote the Marvin P. Nay Award

WE CAN MAKE A DIFFERENCE!

While it is the responsibility of the commission to pass along as much information as possible, the success of the VE&E commission will be dependent on Detachments and Squadrons with “boots on the ground” at the local levels.
