Dear <<John>>,

I couldn’t be prouder of the men and women who wear our country’s uniform. The sacrifices they have made (and continue to make) for our country are nothing short of heroic. I am equally proud of those who served before them … America’s veterans.

During some of the darkest and most difficult periods in history — they stepped up and bravely answered our country’s call. They fought tyranny … communism … terrorism, and through it all they had our backs.

As we honor their great sacrifices this Veterans Day, we must unite behind them — as a grateful nation — to ensure that their sacrifice for their country … for the very freedom we enjoy today … is never forgotten.

Right now, there are thousands of hospitalized veterans in our VA healthcare system. Many of these veterans spend their days in bed … feeling alone and forgotten. Thousands of veterans are recovering from injuries in military hospitals around the country, and they face long and painful roads to recovery. And tragically, there are tens of thousands more veterans seeking treatment in the VA system, only to find long wait lists and layers of bureaucracy.

Our youngest veterans, having fought two long wars in Afghanistan and Iraq, are returning home to face incredible challenges. These brave young men and women are facing much higher rates of homelessness, suicide, and unemployment and bear the physical, emotional, and mental battle scars of long deployments.

The American Legion is dedicated to serve those who have sacrificed so much for our country … our veterans. Our volunteers spend over 1 million hours annually visiting with hospitalized veterans and helping them through the long days of recovery.

<<First Name>>, thanks to the support and generosity of friends like you, The American Legion is leading the demand for reforming and rebuilding the VA healthcare system and demanding accountability on all levels for the unacceptable and possibly criminal neglect of our veterans.

THE AMERICAN LEGION is dedicated to serving those who have given so much … our veterans. Through American Legion programs like Operation Comfort Warriors, we have helped our wounded troops through their long stays in military hospitals, and we have made sure they received a HERO’S WELCOME when they returned home.

We must ensure that no veteran falls through the cracks. These are the same men and women who fought … put it all on the line … for their country. Many of them left homes and families to fight on foreign soil for the freedoms that we enjoy today.

By following THREE SIMPLE STEPS, you can help make this VETERANS DAY a day to remember for all our veterans — especially those who may be feeling forgotten or unappreciated.

**Step #1** Help me build a giant American flag to commemorate VETERANS DAY. Remove the piece of fabric attached to this letter and return it to me as quickly as you can get it in the mail. I want to build a giant mosaic American flag — made with your small piece of fabric and pieces from thousands of other grateful Americans — to show veterans how much we appreciate their sacrifice for their country.

You can be part of building a giant mosaic flag. Imagine what it will mean to veterans — especially those still on the road to recovery — when they see this magnificent flag displayed in Washington, D.C. Now you can see why it is so important that I receive your piece of fabric as quickly as possible…. I’m counting on you to make sure that our flag is complete when it goes on display.

**STEP #2** To help me do that, I need you to enclose a very special support gift when you return your piece of fabric to me. Your support TODAY will help continue to ensure that no veteran falls through the cracks of the system.

**STEP #3** Send me your response BY October 9th. Please take the two minutes needed to complete the attached reply, and send it — along with your generous support gift — as quickly as you can get it in the mail. Veterans Day is right around the corner, so we need your cloth right away.

**VERY IMPORTANT**… A spot in our GIANT AMERICAN FLAG has been reserved for YOUR piece of fabric. For our flag to be complete, we MUST have your piece of fabric before midnight, October 9th — so don’t delay. Whether you send $1 or $100 is not the most important point right now. YES, we need every penny you can send — BUT RIGHT NOW please send what you can with your special piece of fabric. Your quick response will let me know you stand with The American Legion in honoring the sacrifices our veterans have made. It will also ensure that our giant FLAG will be complete when we present it to a warrior transition unit and the American heroes who are there working so very hard to heal and return home.

I look forward to your response,

Verna L. Jones
The American Legion

P.S. Don’t forget to return the enclosed fabric with your best gift. Make sure to include your email on the reply form so we can send you photos of our beautiful flag on display in Washington, D.C.
