*Still Serving America's Veterans... Around the World*

The World War II years were a time when the freedom of the world hung in the balance. Americans answered the call to protect that freedom with 16 million men and women serving in uniform and an untold number of citizens of all ages doing their part on the Home Front. It is their contributions we honor in the US Freedom Pavilion: The Boeing Center.

Exhibits and interactive experiences paint the picture of a nation mobilized for war — those who answered the call of service and those who supported our fighting forces by producing planes, ships, tanks and other vital machinery in unprecedented numbers.

This is the story of America at war — on land, in the air and at sea — told in a way that will fully engage the senses, the mind and the heart.

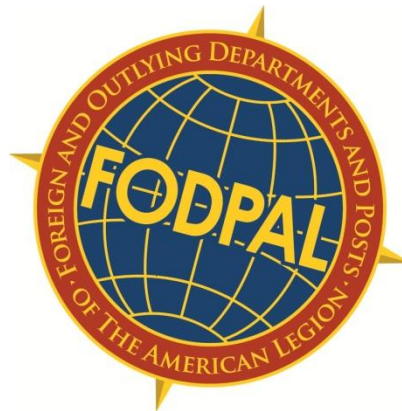

I posted this article along with a video on Facebook and it went over great. Check their Website out, or if you are in the New Orleans area make it a point to stop at the museum.

The 90% cutoff was a little rough on FODPAL, 4 out of the 6 Departments did not make the cutoff. The next cutoff is 95% on 10 April, it would be really nice if every Department in FODPAL would go 100%, it could be done, every Department in FODPAL is very close to the 100% mark, let's push hard to make it happen.

Operation Comfort Warrior is approaching \$319,000. National Commander Koutz should have no problem in making his goal of \$500,000.

It's time to start thinking about attending the FODPAL Spring Meeting. It is on May 8<sup>th</sup> (V-E Day) at 0730hrs, room 301 in The National Headquarters. If you have an item that you want put on the agenda please e-mail it to me.
