DEPARTMENT COMMANDER...Jimmie Dale

Hello Comrades,

It has been another busy month but first I hope everybody had a wonderful New Years. As always, I would like to thank the Department staff for all their hard work and continued support.

Membership: The Department membership is continuing to move upwards steadily, and I want to congratulate all the Post who have already achieved their 100% membership goal for 2020. But remember the National Commander set a 103% goal for all Departments and we cannot achieve this goal without every post support. The department is almost at another goal deadline we need to be at 85% by 31 Jan 20. The Dept is around 82%. VCAL Brown and me have conducted 3 awareness drives this past month. I want to thank the Dept. Historian Comrade Casby Logan who has attended and supported two of the awareness drives we conducted.

Commander Post Report (CPR): This report is still very important for each Post to turn in whether you are an active Post or not. You don’t have to wait to the end of the year to start plugging in the data on this form online. National track this data to feed its reports they use to brief congress and lobby on the behalf of veterans and their family members. So, don’t forget to turn in your post report even if you only did a Memorial Day event or grave registration before the end of May 20.

Poland: Is still in the planning phase for VCAL Brown and Vice Commander Owens to go down and do a site visit to access whether we should establish a Post there are not. We have pushed this visit back to Feb 20 and we are hoping to have this completed by our next DEC in Ansbach 21 March 20.

Oratorical: The contest is coming for the Department level on 22 Feb 20 in Ansbach. There have been a few emails sent out to remind post if they have a candidate please send their information to the Dept. Adjutant.

We are starting 2020 with a new video highlighting some of our legacy and history! Keep in touch as we will have more videos and articles to share on our centennial, our history and our activities here in France.

Our next 100 years will begin with planning our annual ceremonial calendar, starting our historic archiving project and continuing to build a strong American community in Paris.

If you need a bit of inspiration this year, please consider contacting us to see how you could help us with our historic mission that is now starting its 2nd century.

Our next ceremony will be at the Arc de Triomphe in March for 'Founders Day,' this honors the first American Legion caucus which was held in the 8th arrondissement of Paris in 1919.

Four Chaplains Day…The Story

Early on Feb. 3, 1943, an enemy torpedo struck the Army transport Dorchester as it carried 902 officers and enlisted men, Navy armed guard, merchant seamen and civilian workers in the North Atlantic. The Coast Guard cutter escorts Comanche and Escanaba rescued 230 men.

As Dorchester took on water, four Army chaplains – Lt. George L. Fox (Methodist), Lt. Alexander D. Goode (Jewish), Lt. John P. Washington (Roman Catholic), and Lt. Clark V. Poling (Dutch Reformed) – calmed frightened soldiers, aided the wounded and guided the disoriented toward safety.

On deck, they opened a storage locker and began distributing life jackets. When there were no more available, the chaplains removed their life jackets and gave them to four young men. “It was the finest thing I have seen or hope to see this side of heaven,” said John Ladd, a survivor.

As the ship went down, men in rafts saw the four chaplains, arms linked and braced against the slanting deck, singing hymns and praying.

Congress attempted to confer the Medal of Honor on the chaplains but was prevented by strict requirements of heroism under fire. It authorized a one-time posthumous Special Medal for Heroism, awarded by President Eisenhower in 1961; it was intended to have the same weight and importance as the Medal of Honor.

Noon Meal at the DEC
We are planning a buffet menu similar to last year. Price for the buffet lunch is $20.00 or 18.00 EURO. Let us know NLT 15 March 2020 if you plan to eat the buffet with us. Email him NLT 15 March 2019.

Access Issues
This DEC will be hosted on a military installation, so we need to discuss access to the installation.

If you have an ID card, either as Active Duty, DoD Civilian or Retire Military, and are registered in the European IACS system; then you have no problem. If you are not in one of these categories, then you have two options. The easiest option, for everyone concerned, is to ride with someone who has an ID card. They can then sign you in.

The other option is to provide us the information that we need to put you on an access roster that we will work for this meeting. The issue here is that we will need the information no later than THREE weeks before the events. That is NLT 1 Mar 20.

If you wish to be put on the access roster, we need your full name, citizenship, date of birth, passport number, as well as your vehicle license number. Provide this info to Estus Smith, Post Adjutant, at email estus@live.com not later than 1 March 2020.

**Directions to the Installation**

Katterbach Army Airfield is located in 91522 Ansbach-Katterbach, just southeast of the small town of Katterbach. If you come in from Autobahn A-6, exit at Ansbach exit, then follow highway B-13 north into Ansbach. At the B-13/B-14 crossing, take B-14 east toward Nurnberg. Katterbach is about 5 KM east of Ansbach. Travel completely through Katterbach and the installation on B-14, then follow signs to right, across the railroad tracks, then right again to the installation access point.

**Address for your Navi** is Bismarckkaserne bldg 9026. If your Navi does not recognize that without a zip, use 91623 as the Postleitzahl or zip code.

This takes you to the Entry Control Point at the Main Gate. The strip map (extract from Google Maps) will show directions from the Main Gate to the Legion Home. This will be provided separately. You must enter the installation through the Main Gate.

If you are using a Navi, be careful that it takes you from A-6 to B-13, then to B-14 to the installation entrance. Several other options show on Google maps and may show on your Navi, but these roads are closed or fenced at the installation perimeter.
