A word from the Commander...

It’s time to close out the year and begin anew. Please, renew your membership, now, so we can get the monetary award and another streamer for our flag.

While I’m on the subject of money and dues, please find it in your heart to give a donation to our Post Welfare Fund. We’ve just about depleted everything to assist the homeless and hungry during the recent flood in Ubon Ratchathani. We’re also committing ourselves to support children with cleft palates through the Tawanchai Foundation. Comrade Dave Burns kicked off the fundraising by donating 10k baht at our Christmas Party, and we hope that everyone can do something, as well. It’s for a good cause, and you can be a part of it.

This is the season of compassion and giving. Besides giving to charity (See paragraph above), please give some of your time and call a Post member to check on their welfare. Buddy checks are always appreciated and strengthen our bonds as veterans.

It’s with sadness that I report that a friend to our Post, American citizen, John W. Sarff, passed away, 13 December, the day before our Christmas Party. Although he wasn’t a US military veteran, John always came to our Post socials to share food and conversation. His presence at our socials will be missed. Our Post will assist his widow however we can. It’s the American way.

Looking toward the New Year with the following goals:
1. Raise 45,000 baht for the Tawanchai Foundation.
2. Recruit 5 new members.
3. Try to sponsor the Fulbright US Scholar Program.
4. Refine and standardize videoconference capability.
5. Hold in-person meetings with outlying members.

******************************************************************************
We’ve got a request for assisting a Veteran in distress. Michael McKnight, a Vietnam veteran living here in Thailand, has had a medical situation that leaves him and his wife nearly destitute. A member of the Post has asked us to assist him with his Tricare and VA paperwork, but that doesn’t feed him and his family, right now. I ask that anyone that reads this to have compassion and send some money to help this veteran. He’s unable to care for himself, and his wife is doing superhuman work caring for him at home while he attempts to recover.

Please send what you can to:

FINANCIAL INSTITUTION: BANGKOK BANK
ACCOUNT NAME: MALIPORN MCKNIGHT
ACCOUNT NUMBER: 188-034438-5
SWIFT CODE: BKKBTHBK

ADDRESS: 111/88 MU 2 BANG LUANG, MUANG PATHUMTHANI, PATHUMTHANI 12000 THAILAND

UPDATE: The request for financial assistance was made, on 14 December, at our Post meeting by Comrade Dave Burns. Several donations were made to assist MSgt McKnight and his spouse with his medical bills. Our partner Post, VFW 10217 made a $1,000 donation from their Post Relief Fund, which helped immensely. Unfortunately, MSgt McKnight passed away, on 20 December. His wife is still in a bad situation and donations are still welcome and appreciated. The RAO in Bangkok is assisting Mrs. McKnight with benefits issues.

Greetings Comrades,

Happy New Year, to you all!

I hope everyone had a happy and safe holiday. The start of the new year is always a time for getting ready for tax season: checking records and account information. It is also an excellent time to review your American Legion record to ensure your contact information is correct. Especially, your address.

How do you do that? Simply, logon to your MyLegion.org account and review your information. If you do not have an account, not a problem. Registering and creating an account is simple. You just go to this link: MyLegion.org and click on register at the top menu bar.

Just follow the simple instructions, and you are in. If you find your contact information is wrong, you can edit and correct it right there. You can also contact me with the correct information, and I can update it.

Are you getting your monthly American Legion Magazine? If you are not getting the magazine, then something must be wrong with the address on file in MyLegion.org. Contact me, and we can go over your address.

SAFETY MESSAGE

SAFETY DURING THE HOLIDAYS

This January is Bath Safety month, reminding you to take some extra precautions and save yourselves from home injuries. Bathing is such a routine activity that we often neglect to take proper precautions while we’re in what is absolutely one of the most dangerous places in our homes bested only by the kitchen. This is especially true as we get older.

According to the Centers for Disease Control, every year, an estimated 235,000 people in the USA are injured in the bathroom. Sixty six percent of injuries that take place in bathrooms occur when people are either in the tub or the shower. The studies also report that for people aged 65 and older, falls account for approximately 60 percent of all injury-related emergency department visits and over 50 percent of injury-related deaths annually. If you fall in a bathroom, there is a good chance that in addition to the impact of hitting the floor, you will hit some part of your body: head, knee, shoulder on a cabinet or fixture.

But there are things you can do to minimize the risk of injury in the bath. And, many of these precautions are especially important for the very young and the very old.

Installing safety features is a relatively easy and inexpensive way to help prevent you falling in the bathroom.

- Install grab bars in the shower, beside the tub and at the toilet.
- Falls often occur when people are getting in and out of the tub or shower or standing up after using the toilet. Place a non-slip mat or decals on the floor of the shower or bathtub and a non-slip rug on the floor outside the tub or shower. Or, non-slip mats rather than fluffy rugs.
- Around the toilet, place and in front of sinks also place the non-slip mats.
- For seniors, use a shower chair, so you can sit while showering and prevent slips and falls. Make sure the chair has a non-slip seat and rubber tips on the feet, so it won’t slide in the shower or tub.
- Install a high-profile toilet, or a raised toilet seat, which raises the seat height by 3 to 4 inches, to reduce the amount of effort needed to sit and stand when using the toilet.
- Regular Cleaning. Soap scum and build up from condensation can leave surfaces slippery. Scrub tubs, showers, grab bars, and mats, regularly, to prevent a slick residue build-up.
- Use a nightlight or motion-sensor lighting to ensure you have adequate light for nighttime visits to the bathroom. Use a nightlight in any hallway along the path to the bathroom from the bedroom or living areas.
- If you are building or remodeling the bathroom, consider non-slip tiles and adequate lighting.

Following these tips will help mitigate the hazards in the bathroom and hopefully prevent you falling and injuring yourself.

POST TH01 CHRISTMAS LUNCHEON

The Post held its annual Christmas Luncheon, on December 14, 2022, at Peppers Restaurant in Ubon Ratchathani, Thailand.

Peppers Restaurant served a traditional Christmas dinner which included turkey and stuffing. We were even treated to Carolers, singing Christmas songs. Members and guests had a great time.

A big thank you to Peppers and their staff for hosting and preparing a wonderful event and meal.

Greetings Comrades,

If you wish to get your documents mailed to the USA quickly, be advised that USPS Priority Express Mail International guaranteed delivery has been suspended, so save your money and find another guaranteed delivery company to send your documents to the USA. Mail delivery during Covid-19 had been suspended for a time and although it has been resumed, it is not efficient as before. Make sure that you allow at least 30 days for delivery from Thailand to the USA. Plan ahead and avoid the stress.

Please, download and fill out the document, “What My Family Should Know,” from our website. Tell your friends and family to do it as well. Your loved ones will appreciate the time you spent caring for their future.
