

**NATIONAL HEADQUARTERS  
SONS OF THE AMERICAN LEGION**

**January 6, 2015**

**TO: National Officers, Sons of The American Legion**

**FROM: Brian J. O’Hearne, National Adjutant**

**SUBJECT: FINAL 2014 MEMBERSHIP AND RENEWAL RATES**

Enclosed is the final Sons of The American Legion membership report for 2014. Congratulations, Thirty-four detachments achieved 100% or better for this membership year. This is three more that achieved this goal last year. Enclosed are the final renewal rates by detachment for your review.

The enclosed figures for 2014 are based on actual membership card transmittals. This report is considered the final report for 2014 as of December 31 and should be used for all computations for award purposes and membership goals. The final 2014 figure of 358,009 represents a .5% increase over 2013. Congratulations on a successful 2014 membership year as we achieved another “All-Time High” and another record membership increase in the Sons of The American Legion. Through your hard work and dedication, we achieved a 1,839 member net increase over 2013.

Also enclosed are the final renewal rates by detachment. We finished 2014 with an 88.44% renewal rate, which was slightly higher than in 2013. Most detachments are working these renewals, but the emphasis needs to be encouraged at the squadron level. We need to continue working on renewals and improving our percentages for 2015. The following renewal rates are as follows:

<u>YEAR</u>	<u>RENEWAL</u>	<u>YEAR</u>	<u>RENEWAL</u>
1993	77%	2004	86.52%
1994	83.4%	2005	87.455
1995	84.01%	2006	87.64%
1996	83.73%	2007	86.89%
1997	85.06%	2008	86.75%
1998	84.94%	2009	87.51%
1999	86.70%	2010	87.47%
2000	86.21%	2011	87.21%
2001	86.69%	2012	87.82%
2002	88.07%	2013	87.95%
2003	88.13%	2014	88.44%

Please review the enclosed renewal report. Where did your detachment stand for 2014? Although this final report shows a increase from 2013, we still continue to lose many members. A total of **41,156** members did not renew in 2014. Many moved, changed jobs or just were not contacted by the squadron. Addresses continue to be a big problem. Squadrons are encouraged to check and verify the mailing address on the membership register when members renew their membership. Also, personal contact is the key to success as well as good record keeping at the squadron level to maintain this contact. Squadrons are encouraged to stay in contact with their members through mailings of bulletins, flyers, telephone calls, and other personal contact with your members throughout the year. Once again, it is imperative that continued emphasis be placed on renewing our members for 2015.

I cannot over emphasis the importance of each squadron to establish a “Squadron Membership Team”. This team, if used, can be most effective in not only seeking new members, but to establish methods to “go out” and renew their present members. The squadron membership team is “key” and can be most effective in reducing our many loses. Our goal is to achieve 90% or better in membership renewals in every detachment.

Again, I want to encourage all detachments to continue working on educating our squadrons on renewals and focus on membership for the 2015 membership year. I wish you success for 2015 and if I can be of any assistance, please contact me or the National Membership Chairman, Mr. George Flasiniski at email address [gflas@aol.com](mailto:gflas@aol.com)).
